PROFESSIONAL SUMMARY

Results-driven Junior Software Developer skilled in C#, Python, Dart, JavaScript/React, and SQL. Experienced in building full-stack web and mobile applications using Flutter, Xamarin.Android, and .NET. Strong understanding of OOP, design patterns, and agile teamwork. Recently earned the Google Project Management Professional Certificate, enhancing collaboration and project execution skills. Passionate about developing scalable, user-focused software that delivers real-world impact.

WORK EXPERIENCE

- **Event Liaison Manager – HOWLER**
  Part-Time, Seasonal (Dec 2021 – Dec 2024)
  - Supported large-scale event operations by managing cashless payment systems and attendee tracking through Howler technologies.
  - Trained bartenders and vendors (10–20 per event) on system usage, improving transaction speed and reducing user errors.
  - Operated POS devices to load customer G-Tags with funds, enabling seamless purchases.
  - Assisted organizers with access control and live attendee monitoring, enhancing event security and flow.
  - Collaborated with stock managers to track inventory levels and update system pricing, ensuring accurate sales records.

EDUCATION & CERTIFICATIONS

- **Google Project Management Certification –** Google/ Coursera (2025)
- **Software Engineering Job Simulation – Electronic Arts (Forage)** (2025)
- **Advanced National Diploma in Information Technology – Software Development** (2024)
  Nelson Mandela University
- **National Diploma in Information Technology – Software Development** (2021–2023)
  Nelson Mandela University
- **Cisco Introduction to Cybersecurity Certification** (2021)
- **Matriculation Exemption – Wittedrift High School** (2019)
