Afrikaans- Excellent

English- Excellent

+ PROFESSIONAL SUMMARY

Graduate Information Technology professional with an Advanced National Diploma in Software Development and a strong foundation in software engineering, data analysis, and database management. Skilled in C#, Python, SQL, JavaScript, Flutter, and React, with experience developing applications and analyzing data to support business decisions. Holds Meta Data Analyst and Google Project Management certifications and is passionate about creating efficient, scalable, and user-focused technology solutions.

+ WORK EXPERIENCE

• Event Liaison Manager – HOWLER

Part-Time, Seasonal (Dec 2021 – Jan 2025)

- Supported large-scale event operations by managing cashless payment systems and attendee tracking through Howler technologies.
- Trained and supported 10–20 event staff members on digital payment systems, improving operational efficiency and reducing transaction errors.

• Information Technology Facilitator – Fourth Utility Networks Africa

Part-Time, Contract (Jan 2025 – June 2025)

- Facilitated training sessions for two groups of 40 learners in networking, Information Technology, and workplace skills.

• Assistant Technician – Fiber2U

Part-Time, Contract (Dec 2025 – Apr 2026)

- Assisted with the installation and setup of fiber network infrastructure and security camera systems, including basic configuration, troubleshooting, and on-site technical support to ensure reliable connectivity and system functionality

+ PROJECTS

• Bar App – Flutter POS & Inventory Management System

- Developed a Flutter-based point-of-sale application with real-time stock tracking, cart management, sales history, analytics, and PDF report generation using SQLite.
